

Company Name _____

PSCW Company Number _____

Date _____

PSC contact: Duane Wilson 608/266-5423

2002 Competitive Activity Data Request

(as of June 30, 2002)

Note: ☐ If the company was not providing local service as of June 30, 2002, please indicate by checking this box and faxing the answer form to Duane Wilson at 608-266-3957. If the service is provided by an affiliated company, forward a copy of the form on to that company.

Line numbers are to reflect the status as of June 30, 2002. If the actual numbers are not available in your records, estimate your answer and indicate this by noting "EST" on the form after your answer. Please make sufficient copies of this page to accommodate answers for the rate centers served by your company. Answer <u>all</u> questions for each area listed. If any service is provided by an affiliate, send a form to the affiliate and note in your response.		
RATE CENTER NAME <i>Note: In lieu of rate centers, the company service area may also be defined by communities served or zip codes. Use whichever designation is more applicable.</i>		
Questions 1-5 apply only to voice-grade lines ¹		
C1	Number of Lines Served via Resale of ILECs Local Service	
	a) Residential	
	b) Business

¹ If line-splitting, count each voice-equivalent connection separately

Completed by _____ Telephone _____

Title _____

RATE CENTER NAME <i>Note: In lieu of rate centers, the company service area may be defined by communities served or zip codes. Use whichever designation is more applicable</i>			
Questions 6-8 apply only to High Capacity Lines to End Users (other than through DSL or Cable Modem)²			
C6	Number of Lines Served via Resale of ILECs Local Service		
C7	Number of Lines Served via some Unbundled Network Elements		
C8	Number of Lines Served Totally via Own Facilities		
Questions 9-13 apply to Broadband lines such as DSL or Cable Modem to reach End Users³			
C9	Number of Lines Served via Resale of ILECs Local Service		
	a) Residential		
	b) Business		
C10	Number of Lines Served using some Unbundled Network Elements (other than UNE-P)		
	a) Residential		
	b) Business		
C11	Number of Lines Served via UNE Platform		
	a) Residential		
	b) Business		
C12	Number of Residential Lines Served Totally via Own Facilities		
	a) Using copper or copper and fiber optics		
	b) Using coaxial or coaxial and fiber optics		
	c) Using fixed wireless		
	d) Using 100% fiber optics		
C13	Number of Business Lines Served Totally via Own Facilities		
	a) Using copper or copper and fiber optics		
	b) Using coaxial or coaxial and fiber optics		
	c) Using fixed wireless		
	d) Using 100% fiber optics		

² High Capacity lines are the equivalent of DS1/T1 or higher, but do not include broadband circuits provided using DSL, cable modems, or fixed wireless connections to the Internet. List individual lines, not voice-grade equivalents.

³ For the purposes of this survey, Broadband includes services using DSL, cable modems, satellite, fixed wireless or fiber technology for a connection to the Internet. If line-splitting is involved, count each Internet connection as a separate line.
